

TUNGSTEN WEST

Business Management System (Safety, Health, Environmental & Quality) Policy

Tungsten West Ltd operates a certified Business Management System (BMS) which meets the requirements of Quality Management ISO 9001:2015, Environmental Management ISO 14001: 2015 and Occupational Health and Safety ISO 45001:2018. The BMS is applicable to Drakelands Restoration Ltd, Tungsten West Services Ltd & Aggregate West Ltd.

The Leadership team is committed to:

- Ensuring that objectives are set to meet the requirements of this policy and to drive continual improvement of the organisation and its integrated management system performance.
- Ensure that sufficient resource is available to manage the integrated management system and report on its performance.
- Providing a safe and healthy working environment to prevent work-related injury and ill health.
- Fulfilling all applicable legal and compliance obligations of all interested parties.
- Embedding an effective consultation and participation of worker's process.
- Operating an open-door policy encouraging employees to report hazards, near misses and accidents.
- Protecting the environment and preventing pollution for its activities.
- Continued communication with the Health & Safety Executive and the Environmental Agency to ensure we comply to all permit requirements and general safety & environmental legislation.
- Minimise the environmental impact, for the life cycle (including disposal) of all plant, equipment, and other physical assets under our control.
- Consider the use of materials and reduce/reuse/recycle materials wherever practical.

A handwritten signature in black ink, appearing to be "M. Denning".
